- MySQL Queries
- Express/MongoDB
- Django
- Postgres
- Rails

### Programs/Third Party Software

- GitHub
- AWS Deployment
- Heroku
- Trello
- Netlify

## EDUCATION

### Lambda

SEPT 2018 – DEC 2019  
Full Stack and Computer  
Science Course

### Art Institute of California - Hollywood

OCT 2011 – OCT 2013  
Bachelor of Science -  
Media Arts and Animation

## EXPERIENCE

### DUNGEON CRAWLER - Self Project

Sept 2019

Python / Django / React / Redux / Canvas

- Developed the movement script for the player to navigate through the dungeon
- Stylized the main splash page and authentication for login and sign up

GitHub - <https://github.com/CS-Dungeon-Crawler>

### INQUIRY - Self Project

May 2019 - Aug 2018

React/Redux / NodeJS / Express / Postgres / Netlify / Heroku /  
PassportJS / StripeJS / Twilio

- Was part of the front end team developing the user and contractor experience to edit their own information.
- Allowed the user to rate a contractor and for that said contractor to view his work report.
